Application No.                    23/00668/FULPP

Proposal                            Change of use from dwellinghouse (Use Class C3) to flexible use either as dwellinghouse (Use Class C3) or as a childrens’ residential home (Use Class C2) (amended description agreed with the applicant on 22 September 2023)

Address                              **69 Marrowbrook Lane Farnborough**

**Updates to Report:**

Late email representations in support of the proposals have been received from the occupiers of No.21 Hinstock Close and 61 Netley Street. These late representations re-iterate issues already raised in support as set out in the Report.

Consultation responses have been received from both Hampshire & Surrey County Council Childrens’ Services, whom make comments as follows:-

- (a) Both Authorities are unable to comment on the specific suitability of the application property, but confirm that this is primarily a matter for OFSTED, whom assess proposed childrens’ residential homes for both fitness and suitability of both the provider and Home manager in meeting requirements and regulations prior to registration; and also continue to monitor them post registration. Nevertheless, both Authorities would also undertake their own checks and quality assurance visits before placing children in any residential home.
- (b) There is a general lack of accommodation available for children in the looked-after care system both regionally and nationally – and the demand is continually growing.
- (c) Surrey CC Childrens’ Services confirm that they aim, where appropriate, to place

children in Homes within a radius of 20 miles of home and, as such, properties in Hampshire would be applicable.

- (d) Further Surrey CC Childrens' Services also confirm that they have placed looked after children and care leavers in supported accommodation that is operated by the Applicants (Beyond Vision Transitions) at addresses in both Hampshire and Surrey – and that they continue to work with this provider.
- (e) HCC Childrens' Services advise that, like any other Local Authority Childrens' Services, have their own robust due diligence processes for checking the suitability of any provision before placing a child in residential care.

#### **Revision to conclusion and recommendation (in bold)**

Reference to the need for confirmation of no objection from highways was accidentally left in the conclusions and recommendations, and as Hampshire Highways have now raised no objection, should have been removed. The extension of time has also been extended.

#### **Pages 48 - 49;**

The proposals are considered acceptable in principle; would have no material and harmful impact upon the overall visual character and appearance of the area or upon Heritage Assets; would have no material and adverse impact on neighbours; would provide an acceptable living environment; and would not result in harm to protected species, ~~and subject to formal confirmation that Hampshire Highways do not object to the proposals~~; and, subject to financial contributions being secured in respect of Special Protection Area mitigation & avoidance and Public Open Space with a s106 Planning Obligation, the proposals would have no significant impact upon the nature conservation interest and objectives of the Thames Basin Heaths Special Protection Area; and appropriately address the Council's adopted Local Plan Policy DE6 concerning Public Open Space. The proposals are therefore considered to be acceptable having regard to the criteria of Policies IN2 (Transport), HE1 (Heritage), HE2 (Demolition of a Heritage Asset), HE3 (Development within or adjoining a conservation area), HE4 (Archaeology), DE1 (Design in the Built Environment), DE2 (Residential Internal Space Standards), DE3 (Residential Amenity Space Standards), DE4 (Sustainable Water Use), DE6 (Open Space, Sport and Recreation), DE10 (Pollution),

LN1 (Housing Mix), LN2 (Affordable Housing), NE1 (Thames Basin Heaths Special Protection Area), NE3 (Trees and Landscaping), NE4 (Biodiversity), NE8 (Sustainable Drainage Systems). The NPPF and The Council's Car and Cycle SPD are also material to the determination of this planning application
