1. BACKGROUND & INTRODUCTION

- 1.1 Under the Localism Act 2011, the Council is required to consider and approve a pay policy statement for the financial year. The Council's pay policy statement for 2023/24 is set out in Appendix A.
- 1.2 The Act sets out a clear expression of the Government's desire that taxpayers can access information about how public money is spent on their behalf. It translates this into a requirement for improved transparency over both senior council officers pay and that of the lowest paid employees. To support this, the Act requires publication of an annual pay policy statement.
- 1.3 The Act sets out specific information that must be included in the Pay Policy Statement as follows:
 - the pay framework, level and elements of remuneration for Chief Officers
 - the pay framework and remuneration of the 'lowest paid' employees
 - the relationship between the remuneration of the Chief Officer and other officers
 - other policies relating to specific aspects and elements of remuneration such as pay increases, other allowances or payments, pension and termination payments.
- 1.4 Under the Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017, the council are required to publish gender pay gap

calculations annually. The Council's Gender Pay Gap Report is set out in Appendix B.

2. DETAILS OF THE PAY POLICY STATEMENT

- 2.1 The Pay Policy Statement contains two main components. It sets out the framework within which pay is determined in Rushmoor Borough Council and it provides an analysis comparing the remuneration of the Chief Executive with other employees of the authority.
- 2.2 The comparisons included within the paper, look at the ratio between the Chief Executive and the full-time equivalent salary for a permanent member of staff employed in the lowest grade within the structure. The ratio for 2023/24 is 6.1:1,
- 2.3 The second ratio included within the analysis, looks at the relationship between the median remuneration of all staff compared to the Chief Executive. The ratio for 2023/24 is 3.5:1, this is a slight change to last year when it was 3.7:1.
- 2.4 The recommendation of the Hutton Report (2010) is that public sector organisations should comply with a maximum multiple of 20:1. Rushmoor is well within this multiple.

3. DETAILS OF THE GENDER PAY GAP REPORT

- 3.1 The Gender Pay Gap Report contains the following: Gender Pay Gap (mean and median values), Gender Bonus Gap (mean and median values), Proportion of men and women receiving bonuses, proportion of men and woman in each quartile of the organisations pay structure. The council does not pay Bonus payments and therefore there is nothing to report in those categories.
- 3.2 The mean gender pay gap equates to 13.8 % with the female average salary being lower than the male average salary. The gap has increased from 11.7% in the previous year.
- 3.3 The median gender pay gap equates to 10.9% with the female median rate being lower than the male median rate. The gap has decreased slightly from 11.3% reported in the previous year.
- 3.4 The proportion of men and women in each quartile has changed slightly in all however the greatest percentage changes are in the mid upper quartile and the upper quartile where there has been a decrease in the proportion of women on the previous year.
