KEY DECISION? NO

**COUNCIL PLAN & RISK REGISTER
QUARTERLY UPDATE APRIL TO JUNE 2023/24**

SUMMARY AND RECOMMENDATIONS:

This paper sets out the performance monitoring information of the Council Plan for the first quarter of 2022/23. The key activities and projects within the Council Plan which aim to deliver the Council's priorities which sit under the themes of People and Place. In addition to the key projects this paper includes the Council Business Performance monitoring information, which are the key indicators and service measures used by the Council to monitor how the Council runs. This paper also includes an update on the Council's key strategies and plans that underpin the Council Plan.

Factors that could affect the future delivery of the Council Plan and Council Business Performance have been identified in the Council's Risk Register.

The Cabinet is recommended to note the progress made towards delivering the Council Plan and consider the changes highlighted in the Corporate Risk Register.

1. Introduction

- 1.1 In June 2023 the Council agreed the updated three-year Council Plan with priorities which reflect the vision for Aldershot and Farnborough 2030 (Your future, your place - a vision for Aldershot and Farnborough 2030). This report sets out performance monitoring information for the Council Plan and the Risk Register for the period of April to June 2023. As it is the beginning of the 2023/24 year this report also includes an update on the Council's key strategies and plans which underpin the Council Plan.

2. Detail

- 2.1 Refreshed and updated in 2023, the Council Plan provides a focus for the Council's activities and services by setting out the short to medium-term steps needed to realise longer-term vision and aspirations. The Council Plan outlines the council's priorities over a three period and in particular the key strategic projects that will contribute to achieving the Council's vision.
- 2.2 The priorities which reflect the vision for Aldershot and Farnborough 2030, are set out under the two themes of People and Place:

People –empowering and connecting communities and enabling people to live healthy and sustainable lives and fulfil their aspirations.

Priorities:

- Housing for every stage of life
- Healthy and green lifestyles
- Opportunities for everyone – quality education and skilled local workforce

Place – ensuring our towns are family-friendly, safe, vibrant, and sustainable places - now and in the future.

Priorities:

- Strong communities, proud of our area
- Vibrant and distinctive town centres
- A thriving local economy - kind to the environment

3. Delivery of the Council Plan

3.1 There are 10 key activities/projects in the Council Plan and annex A sets out the progress against these at the end of quarter 1 (30 June 2023). At this time 80% of projects/activities are on track and two (20%) has an amber status. These are the leisure and cultural hub in Farnborough and the Farnborough town centre development including the civic quarter. No projects have a red status.

3.2 The leisure and cultural hub in Farnborough is currently amber. The project is in the process of being remobilised now the Levelling up Funding has been announced but an amber status is retained on the basis that Central Government is internally debating whether activities such as Council run leisure centres are economic and deemed a subsidy or simply part of local authority powers with limited effect on competition and therefore not a subsidy. Legal advice from Dept Business & Trade is that they believe leisure centres (even those run directly by Councils) are economic activities

and therefore must either comply with the terms of the Levelling Up Fund Subsidy Scheme or be referred to the Subsidy Advice Unit for consideration. There is an opposing argument that Council run leisure centres are delivering against published plans for investment in public well-being, that target wider economic groups than would be catered for by a private enterprise. This has meant a delay in signing up to the Memorandum of Understanding until the subsidy position can be confirmed by Government.

- 3.3 The Farnborough town centre development including the civic quarter is also amber. The Rushmoor Development Partnership is unable to take on the master developer role and the Council now needs to consider alternative delivery options to take the scheme forward, the Farnborough Town Centre regeneration report is being considered at Cabinet on 8 August 2023.
- 3.4 Annex B sets out the Council's Business Performance during Quarter 1. The Council Business Performance monitoring information show the key indicators and service measures used by the Council to monitor how the Council runs. This document will continue to evolve over time, to focus on the key data needed to assess how the Council is running.

4. Key strategies and plans update

- 4.1 The Council Plan 2023-26 draws upon and provides a link between a number of important strategic documents which inform and underpin much of the work of the Council. These strategies and plans sit outside the normal quarterly monitoring process and therefore it is important for Members to be updated on their progress, on at least a six-monthly basis.
- 4.2 Annex C is an update on the Council's key strategies and plans. This document includes information on those that have already been agreed or adopted (and therefore provides an update on implementation) and those that are currently being developed.

5. Council's Risk Register

- 5.1 The Council's key risks overall have remained relatively unchanged, no new or emerging risks have been identified that require escalation to the corporate risk register. However, those risks directly relating to the UK economy continue to be impacted by the changes being seen in that risk environment.
- 5.2 The Council's risk management policy and arrangements have continued to be embedded within the Council, with good engagement from all Services. Training and wider engagement with the Council's Corporate Management Team and Service Managers took place in July 2023, taking into account the findings of recently published Public Interest Reports. This again sought to improve awareness of the risk management system as a whole and to further strengthen the Council's position in effective risk recognition and mitigation.

Work with Audit has also taken place to further strengthen the Council's approach to risk appetite. As a result, the Corporate Risk Management Policy is expected to be significantly updated later in 2023/24. Risk appetite will be

discussed in greater detail when a new risk is added to the register or there is a significant change in a risk score.

- 5.3 The key strategic risks within v12.0 of the Corporate Risk Register (attached as appendix D) predominantly relate to areas that the Council often only has partial influence upon, including wider community risks such as health outcomes and deteriorating economic conditions. There have been no additional risks identified in this section of the risk register, but there have been updates throughout in the plans to mitigate them. Inherent and residual risk scores increased for two risks related to the economic conditions, resulting in the residual RAG rating increasing to 'High' for the 'Securing infrastructure investment' and 'Decline in retail sector' risks. The residual risk rating for 'secondary education attainment' was also reviewed and as a result has moved from 'Medium' to 'High'.
- 5.4 The Council's standing corporate risks are generally more operational in nature and relate to the work of the Council. There has been an update of the mitigation measures in place/planned for the future in the majority of risks. Due to the change in the status of partnership arrangements, all risk scores have increased for 'Regen of town centres' and 'Civic quarter – Farnborough', resulting in the residual RAG ratings increasing to 'High' and the target risk scores increasing to 'Medium'.
- 5.5 The Council's escalated service risks are generally more transient in nature and expected to change quicker than others on the register. No new risks have been identified during this period.
- 5.6 It is important to note that recent changes in Government policy have resulted in the significant increase in risk score for the 'Changes to the immigration system' risk. Cabinet is asked to note this risk and the impacts and mitigations set out within the Corporate Risk Register.

6. Conclusion

- 6.1 Cabinet's views are sought on the performance made towards delivering the Council Plan during April to June 2023.
- 6.2 Cabinet are asked to note and review the risk set out in the Corporate Risk Register and the content of section 5 of this report.

Council Business Performance

Points to note

- Due to an increase in violence at work incidents in main reception of the Council Offices, a security contractor has been on site since late April
- Customer Services indicators reflect a number of changes to Customer Services introduced at the start of April 2023. There has been an increase in abandoned rate to nearly 16% and call wait and call handling times have also increased.
- The benefit caseload has continues to drop slowly due to migration to Universal Credit
- The estimated recycling figure for 2022/23 now stands at 41.7%, which is slightly lower the estimated figure reported in Q4 (43%)
- Freedom of information response times continue to improve
- In the first quarter since control of on-street parking was handed back to Hampshire, 1,108 Penalty Charge Notices were issued, this was about 650 fewer than the previous quarter and this quarter last year.

Comment: There has been a 3% increase in response times in Q1 compared with Q4 of 2022/23. This reflects the hard work from colleagues around the council prioritising responding to requests for information. Hopefully the response times will continue to improve over the coming months as there is work going on to deal with the outstanding and overdue FOIs.

<p style="text-align: center;">Number of walk-in customers each quarter</p> 			<p style="text-align: center;">Quarterly breakdown of walk-in customers for high demand services</p> 	
<p>Comment:</p> <p>Since the beginning of April 2023 reception has closed from 2pm and the impact of these changes are being closely monitored. During Q1 reception saw 3270 customers and when compared to the same quarter in 2022/23 this is only a 1.4% decrease in customers accessing services face to face. Evidence to date suggests that customers have adjusted to these new opening hours and now visit the Council during the new opening hours and the drop in visits can be attributed to a reduction in the number of ‘casual visitors’ e.g. customers handing in / scanning or collecting paperwork. Services remain able to make appointments to see customers outside of reception opening hours should it be needed and there is an intercom to provide a service to anyone who is presenting as homeless which rings through to customer services who can assess details and pass to a housing officer. This intercom also provides an access point should there be an appointment and the customer is unable to contact the officer.</p> <p>There has been a change to how customers are counted at the front of house, so number of customers being “queued” can be reported on. These services can now report on what their customers are coming into the offices for. CS on the pie chart above is the number of customers resolved at reception and not queued to see another officer. Of the demand seen and resolved at reception 29% are non Rushmoor enquires / customers. This includes HCC, CA, RVS and the police. These could be visitors or customers. A further 20% are handing in or collecting paperwork from us. 13% are seen by an officer from another service,</p>				

such as licencing, planning or building control and 12% are corporate visitors or appointments. The remainder are dealt with at reception to self-serve or re-directed.

<p>Comment: A number of changes were implemented from 1 April 2023 and this data is being monitored closely as a result. Within this quarter, there have been changes to the services which customer services handle (with parking being added), changes to the Council's fees and charges and a reduction in staffing levels. Over this quarter, Customer Services have been offered 17,948 calls and answered 15,156 calls. This is a decrease of 1,647 offered calls (8%) with last year having high demand due to the energy rebate.</p> <p>In addition to the monitoring of current service levels which will take place on an ongoing basis whilst the impact of these service changes stabilises, the customer services team is also investigating options to direct customers to alternative ways of accessing Council services through the use of pre-recorded messages.</p>

Key strategies and plans update – July 2023

The Council Plan 2023-26 draws upon and provides a link between a number of important strategic documents which inform and underpin much of the Council's work. These strategies and plans sit outside the normal quarterly monitoring process and therefore it is important for Cabinet to be updated on their progress, at least on an annual basis.

This update on the Council's key strategies and plans, this includes those that have already been agreed or adopted and those that are currently being developed.

Strategies and Plans

- **Climate Change Action Plan 2020-2030**

The original [Action Plan 2020-2030](#) was approved in November 2020 and since that date over two-thirds of the actions have been progressed. The Council has completed work to calculate its carbon footprint for 2021/22 and this is published as part of a Cabinet report in July 2023. A [revised action plan](#) was presented to Cabinet in July 2023 for approval. The revised action plan contains twelve actions and has been developed in light of the latest carbon footprint.

In taking the Cultural Strategy forward the Council is working closely with Hampshire Cultural Trust, Arts Council England, Hampshire County Council and other public and private sector partners through a Cultural Compact tasked with delivering the vision and the action plan.

The Rushmoor Cultural Strategy aims to maximise the role of the arts and culture in Rushmoor and reflects opportunities presented by the diversity and distinctiveness of the borough's places, communities and heritage.

A Cultural Development Manager funded by the Arts Council and employed by Hampshire Cultural Trust is supporting the delivery of the strategy. The council is working with a number of National Portfolio Organisations (funded by Arts Council England to deliver cultural activity) and other partners to enhance the cultural life of the borough.

- **Customer, Digital & Technology Strategy**

The Cabinet adopted the [Customer, Digital & Technology Plan 2023/24](#) on the 6 June 2023. The plan sets out a direction of travel for the future, with a clear focus on how we will become a more modern, customer focussed organisation. It sets out several activities to deliver more accessible, efficient, and cost-effective services over the next twelve months.

A longer term strategy is expected to be developed over the next few months for approval in 2024/25.

- **Equality, Diversity and Inclusion Action Plan**

The [Equality, Diversity and Inclusion Action Plan](#) was approved by Cabinet in April 2021. The Action Plan set out the proposed action to be taken by the Council on a phased basis over three years, in response to the Equalities Peer Challenge.

Whilst good progress has been made since the approval of the Equality, Diversity and Inclusion Action Plan, work to implement actions from the plan has slowed due to resource pressures, including responses to Afghan and Ukrainian resettlement.

The Equalities and Diversity Action Plan had envisaged a number of actions being underpinned by Census Data and recent months have seen the publication of this data and this information will provide a foundation for the next phase of work which is due to commence later in 2023.

- **Farnborough Town Centre Strategy**

The Cabinet adopted the [Farnborough Town Centre Strategy](#) on the 5 July 2022. As with most town centres across the country, Farnborough faces challenges which have accelerated following the pandemic and particularly through the lockdowns. The strategy is a high-level strategy which sets the overall direction of travel and work required to secure a sustainable and vibrant town centre for Farnborough through five key themes.

- **Green Infrastructure Strategy**

The Cabinet adopted the [Green Infrastructure Strategy](#) on the 5 July 2022. The Green Infrastructure Strategy is evidence-based and shows how the Council will deliver commitments both in the Local Plan and in the Council's Plan 2022 to 2025. It provides a comprehensive review of the green infrastructure in and around the borough; identifies its strengths and weaknesses, as well as the opportunities and threats it faces. The strategy identifies 12 projects the council will work on over the next ten years to enhance it.

The intention was, that following the adoption of the Green Infrastructure Strategy, potential projects will be tested for their feasibility and costed through the preparation of a Green Infrastructure Delivery Plan. Instead, due to the urgency relating to new obligations arising from the Environment Act 2021, need to identify new opportunities for the creation of Suitable Alternative Natural Greenspace (SANG) and opportunities arising from potential grant funding, resources have been focussed on the delivery of some of the projects identified in the Strategy.

Work has now commenced on three of the projects, including the Carbon Reduction through Tree Planting Feasibility Project and the Biodiversity Net Gain Off-Site Scoping Project. A further two projects relating to the identification of Suitable Alternative Natural Greenspace (SANG) are current being scoped. Officers will review the progress of the projects on an annual basis and keep under review the need for Delivery Plan and/or update to the Green Infrastructure Strategy.

- **Joint Municipal Waste Strategy**

The [Joint Municipal Waste Management Strategy](#) was adopted by Cabinet in February 2022. The new strategy has been developed collaboratively with Hampshire local authorities to reflect local and national changes since 2012 and to ensure the Project Integra Partnership is working to meet the requirements of the Environment Bill. It aims to deliver waste collection, treatment and disposal options that are best value financially, whilst minimising environmental impact. The Strategy will be implemented by a revised Inter Authority Agreement containing new financial arrangements. The inter-authority agreement is being amended by HCC following feedback from partner authorities and is due for approval in late Summer or Autumn.

- **Procurement Strategy**

The [Procurement Strategy 2020-2024](#) was adopted by the Cabinet in August 2020. The Procurement Strategy clearly defines the Council's strategic objectives and builds upon the National Procurement Strategy, and also incorporates legislation and best practice. The strategy is expected to be refreshed in late 2023 to early 2024 to reflect new procurement rules.

- **Strategic Economic Framework**

The [Strategic Economic Framework \(SEF\)](#) was approved by Cabinet in April 2022. The Strategic Economic Framework seeks to grow and sustain Rushmoor's strong, resilient economy recognising however that people and businesses were impacted by the pandemic, are impacted by ongoing economic uncertainty and need support to grow and thrive.

The Strategic Economic Framework has been used to inform the UK Shared Prosperity Fund Investment Plan (see below). Actions in the Framework are being delivered including measures to support local businesses such as 1-1 support from Incuhive, grants (externally funded) to support businesses reduce carbon emissions, business surveys and a monthly business newsletter (reaching over 2,000 businesses). The Strategy will be reviewed in autumn 2023 to ensure delivery of the actions remain on track.

- **Supporting Communities Strategy and Action Plan**

The Cabinet approved the [refreshed Supporting Communities Strategy and Action Plan for 2023](#) in January 2023. - **The Local Plan**

The Council adopted the [Rushmoor Local Plan](#) on 21 February 2019. The plan provides the overarching spatial strategy for Rushmoor, guiding the location, scale and type of future development to 2032, as well as providing detailed development management policies. A report to Cabinet in January highlighted the recent publication on consultation to changes to the National Planning Policy Framework

and implications for the timescales for Local Plans. These mean that it is likely the Council will need to proceed under the current system and that this work would need to start earlier than envisaged. However due to ongoing delays to the Levelling Up Bill well beyond the anticipated timescale and consequent delays to any secondary legislation it is not sensible to commence yet. At the point the current bill becomes an Act and there is a clearer view on timescales a review of the approach will be needed.

- **The People Strategy**

The [People Strategy 2020-23](#) was approved by Cabinet in January 2021. Decisions must be unanimous, any inability to arrive at a decision results in deadlock and delay. Decisions are often time sensitive, any tension/disagreement/conflict may cause delays.
