**Notes:**

A budget increase of £56,643 equates to a council tax increase of 1%, equivalent to an increase of £1.88 per year for a Band D property.

Employee costs vary year on year. Common reasons for fluctuations in employee costs are:-

- 1) Pay inflation - the budget assumes that employees will receive a cost of living pay increase of 1% for 2017/18.
- 2) Changes to time allocations. Employee costs are allocated to the service(s) where staff spend their time. Each year time allocations are reviewed and amended to reflect any changes in the way time is spent.
- 3) Incremental progression within individual employee pay band.
- 4) Vacancies - Actuals and Revised Estimates will reflect any vacancies during the year and are therefore likely to be lower than Original Estimates, which assume that the services are fully staffed.
- 5) Accounting regulations for pension costs. Each year following a valuation provided by our actuaries, it is usual to adjust our forecast pension costs.
- 6) With effect from 1st April 2016 there was an increase in National Insurance contributions following the introduction of the single-tier state pension.
- 7) Employers' pension contributions increased from 1st April 2017 following actuarial changes.

**Notes:**

A budget increase of £56,643 equates to a council tax increase of 1%, equivalent to an increase of £1.88 per year for a Band D property.

Employee costs vary year on year. Common reasons for fluctuations in employee costs are:-

- 1) Pay inflation - the budget assumes that employees will receive a cost of living pay increase of 1% for 2017/18.
- 2) Changes to time allocations. Employee costs are allocated to the service(s) where staff spend their time. Each year time allocations are reviewed and amended to reflect any changes in the way time is spent.
- 3) Incremental progression within individual employee pay band.
- 4) Vacancies - Actuals and Revised Estimates will reflect any vacancies during the year and are therefore likely to be lower than Original Estimates, which assume that the services are fully staffed.
- 5) Accounting regulations for pension costs. Each year following a valuation provided by our actuaries, it is usual to adjust our forecast pension costs.
- 6) With effect from 1st April 2016 there was an increase in National Insurance contributions following the introduction of the single-tier state pension.
- 7) Employers' pension contributions increased from 1st April 2017 following actuarial changes.

**Notes:**

A budget increase of £56,643 equates to a council tax increase of 1%, equivalent to an increase of £1.88 per year for a Band D property.

Employee costs vary year on year. Common reasons for fluctuations in employee costs are:-

- 1) Pay inflation - the budget assumes that employees will receive a cost of living pay increase of 1% for 2017/18.
- 2) Changes to time allocations. Employee costs are allocated to the service(s) where staff spend their time. Each year time allocations are reviewed and amended to reflect any changes in the way time is spent.
- 3) Incremental progression within individual employee pay band.
- 4) Vacancies - Actuals and Revised Estimates will reflect any vacancies during the year and are therefore likely to be lower than Original Estimates, which assume that the services are fully staffed.
- 5) Accounting regulations for pension costs. Each year following a valuation provided by our actuaries, it is usual to adjust our forecast pension costs.
- 6) With effect from 1st April 2016 there was an increase in National Insurance contributions following the introduction of the single-tier state pension.
- 7) Employers' pension contributions increased from 1st April 2017 following actuarial changes.

**Notes:**

A budget increase of £56,643 equates to a council tax increase of 1%, equivalent to an increase of £1.88 per year for a Band D property.

Employee costs vary year on year. Common reasons for fluctuations in employee costs are:-

- 1) Pay inflation - the budget assumes that employees will receive a cost of living pay increase of 1% for 2017/18.
- 2) Changes to time allocations. Employee costs are allocated to the service(s) where staff spend their time. Each year time allocations are reviewed and amended to reflect any changes in the way time is spent.
- 3) Incremental progression within individual employee pay band.
- 4) Vacancies - Actuals and Revised Estimates will reflect any vacancies during the year and are therefore likely to be lower than Original Estimates, which assume that the services are fully staffed.
- 5) Accounting regulations for pension costs. Each year following a valuation provided by our actuaries, it is usual to adjust our forecast pension costs.
- 6) With effect from 1st April 2016 there was an increase in National Insurance contributions following the introduction of the single-tier state pension.
- 7) Employers' pension contributions increased from 1st April 2017 following actuarial changes.

**STATUTORY SERVICES****HOUSES IN MULTIPLE OCCUPATION****Service Purpose:**

**Notes:**

A budget increase of £56,643 equates to a council tax increase of 1%, equivalent to an increase of £1.88 per year for a Band D property.

Employee costs vary year on year. Common reasons for fluctuations in employee costs are:-

- 1) Pay inflation - the budget assumes that employees will receive a cost of living pay increase of 1% for 2017/18.
- 2) Changes to time allocations. Employee costs are allocated to the service(s) where staff spend their time. Each year time allocations are reviewed and amended to reflect any changes in the way time is spent.
- 3) Incremental progression within individual employee pay band.
- 4) Vacancies - Actuals and Revised Estimates will reflect any vacancies during the year and are therefore likely to be lower than Original Estimates, which assume that the services are fully staffed.
- 5) Accounting regulations for pension costs. Each year following a valuation provided by our actuaries, it is usual to adjust our forecast pension costs.
- 6) With effect from 1st April 2016 there was an increase in National Insurance contributions following the introduction of the single-tier state pension.
- 7) Employers' pension contributions increased from 1st April 2017 following actuarial changes.

**STATUTORY SERVICES****DEVELOPMENT MANAGEMENT****Service Purpose:**

Promote and enable good development in the Borough.

**Service Activity:**

The provision of informal planning advice and the determination of planning applications. The provision of planning enforcement, investigating breaches of planning control and taking appropriate action. Presentation of the Council's submission at appeal.

<b>NET EXPENDITURE</b>	230,614	355,190	268,740	313,110

**Notes:**

- 1 The 2016/17 Revised Estimate reflects a reduction in expenditure on press advertising of planning applications as agreed by Cabinet in November 2016. The 2017/18 Estimate reflects a full years saving
- 2 The 2015/16 Actual included income of £59k for the S106 admin charge, this income is tapering off and no longer budgeted for as agreed by Cabinet in June 2015 following a legal challenge. The 2016/17 Revised Estimate was increased to reflect an increase in income due to a couple of large planning applications being received. However, this is not an increase which can be relied upon year on year and therefore the 2017/18 Estimate does not reflect such an increase

**POLLUTION & ENVIRONMENTAL CONTROL****Service Purpose:**

The service responds to complaints from residents regarding potential nuisance including noise, drainage, odour, smoke, rubbish and unauthorised encampments.

**Service Activity:**

- Response to service requests.
- Air quality measurements in accordance with Government guidance.
- Identification of potential contaminated land and control potentially polluting industries.
- Responsible authority under the Licensing Act 2003 for applications for Premises and Club Premises Licences to ensure that the licensing objective (“Prevention of Public Nuisance”) is successfully achieved.
- Working with other statutory agencies; responsibility for surface water drainage and land drainage with the aim of preventing potential flooding.

**Notes:**

A budget increase of £56,643 equates to a council tax increase of 1%, equivalent to an increase of £1.88 per year for a Band D property.

Employee costs vary year on year. Common reasons for fluctuations in employee costs are:-

- 1) Pay inflation - the budget assumes that employees will receive a cost of living pay increase of 1% for 2017/18.
- 2) Changes to time allocations. Employee costs are allocated to the service(s) where staff spend their time. Each year time allocations are reviewed and amended to reflect any changes in the way time is spent.
- 3) Incremental progression within individual employee pay band.
- 4) Vacancies - Actuals and Revised Estimates will reflect any vacancies during the year and are therefore likely to be lower than Original Estimates, which assume that the services are fully staffed.
- 5) Accounting regulations for pension costs. Each year following a valuation provided by our actuaries, it is usual to adjust our forecast pension costs.
- 6) With effect from 1st April 2016 there was an increase in National Insurance contributions following the introduction of the single-tier state pension.
- 7) Employers' pension contributions increased from 1st April 2017 following actuarial changes.

**DISCRETIONARY SERVICES****GROUNDS MAINTENANCE CONTRACTS****Service Purpose:**

## REPORT UNDER S.25 OF LOCAL GOVERNMENT ACT 2003

**CHIEF FINANCE OFFICER'S REPORT**

Under Section 25 of the Local Government Act 2003, the Council's Chief Finance Officer (Head of Financial Services) is required to report to Council on:

- the robustness of the estimates contained in the budget and
- the adequacy of the reserves maintained by the Council.

In order to comply with the Act, the Council must have regard to this report when making its decisions on the budget.

The budget has been constructed following a detailed process involving budget holders, Director's Management Board and Cabinet, flowing from the Medium Term Financial Strategy through to detailed budget estimates. Estimates have been carefully considered during the budget process, with an additional budget challenge from Directors being built into this year's process.

In preparing the budget, account has been taken of financial issues identified during the current year, new legislative requirements, service pressures and key economic indicators such as RPI, pay inflation etc. Realistic assumptions have been made and key risks identified. Risks are managed through timely and comprehensive in-year budget monitoring and the corporate risk register which leads to prompt identification of problems and management of risks.

The proposed Capital Programme supports the Council's current infrastructure through its asset maintenance and ICT strategy, while focussing on projects that will deliver financial return or economic benefit to the Borough. Resources both internal and external have been identified, with no requirement for external borrowing.

The general fund is forecast to remain within the £1m - £2m range of balances approved in the financial strategy. The Stability & Resilience Reserve set up during 2012/13 provides sufficient resource to allow the Council to react to the increase in risk and uncertainty it faces over the medium-term and any consequential adverse affect on its financial position. The Service Improvement Fund is also available to support the Council's endeavour to achieve a sustainable financial position over the medium-term, by supporting key projects, which deliver significant financial benefit to the organisation. For example, the continued use of Systems Thinking principles to review services, supporting Channel Shift and exploring income- generating opportunities.

These proposals, underpinned by the Council's 8-point plan, will enable the Council to meet the challenges of achieving a balanced budget in the current year, to be protected from potential volatility in its finances and to reshape the organisation to be sustainable over the longer-term.

In conclusion, I am satisfied that the budget is robust and is supported by adequate reserves.

Amanda Fahey, Head of Financial Services/S151 Officer
