COUNCILLOR GARETH LYON CORPORATE AND DEMOCRATIC SERVICES PORTFOLIO HOLDER REPORT NO. FIN1828

21 AUGUST 2018

KEY DECISION? YES/NO

APPLICATION FOR DISCRETIONARY RATE RELIEF

SUMMARY AND RECOMMENDATIONS:

SUMMARY

This report sets out one new application for Discretionary Rate Relief for The Brain Tumour Charity.

RECOMMENDATIONS

Cabinet are recommended to approve the award of 5% Discretionary Rate Relief to The Brain Tumour Charity for the period 1 April 2018 to 31 March 2021, which coincides with the end of the current rating list.

1. INTRODUCTION

- 1.1 The purpose of this report is to:
 - Outline the background and financial implications of Discretionary Rate Relief.
 - Consider one new application for Discretionary Rate Relief.
 - Examine the overall budget position for cost impact of Discretionary Rate relief applications for 2018/19.

2. BACKGROUND

- 2.1 Mandatory Relief is available at 80% of the rates payable, and to qualify an organisation must:
 - Occupy a property or rating hereditament which is used wholly or mainly for charitable purposes, and
 - Be established for charitable purposes only, or
 - Be accredited as a community amateur sports club.
- 2.2 A local authority had discretion to grant "top up" relief of up to the additional 20% to charities that have received the 80% mandatory relief.
- 2.3 In addition, an authority can grant relief of up to 100% to other ratepayers.

3 APPLICATION FOR RELIEF

- 3.1 Full details of the application is set out in Appendix 1 and is for The Brain Tumour Charity, formerly known as Samantha Dickson Brain Tumour Trust which is located on Victoria Road, Farnborough.
- 3.2 The Brain Tumour Charity is entitled to 80% Mandatory Relief and therefore this application is for the "top up" 20% Discretionary Relief.
- 3.3 The Brain Tumour Charity had previously applied for Discretionary Rate Relief in 2013 under their former name, Samantha Dickson Brain Tumour Trust.
- 3.4 The application was unsuccessful as Cabinet felt that at that time, the Charity did not have a specific enough local focus. Cabinet did stipulate that once the Charity has been established in this area for a while they would be happy to receive another application with more information based on the impact the charity has on the local community.
- 3.5 The Charity has now applied for Discretionary Rate Relief under their new name, The Brain Tumour Charity.
- 3.6 The portfolio holder for Concessions and Community Support met with the Principal Revenues and Benefits Officer on 11th July 2018 in respect of this application.
- 3.7 During this meeting the Portfolio Holder examined the application in detail, and has set out a recommendation for the level and period of support that could be provided for The Brain Tumour Charity as outlined in paragraph 3.8 to 3.12 below.
- 3.8 The suggested level of support is 5% Discretionary Rate Relief for the period 1 April 2018 to 31 March 2021, which coincides with the end of the current rating list.
- 3.9 This decision was made on the basis that the Charity are in a good financial position and although they show some involvement within the community, they do not have a specific local focus.
- 3.10 However, should their position change in the future, then the level of relief can be reviewed?
- 3.11 If 5% Discretionary were to be awarded this would reduce The Charity's business rates payable from £10,057.20 to £7,542.90 for the year 2018/19.
- 3.12 The level of award is consistent with other Large Charitable Organisations where the level of support ranges from 10% to 20%, meaning that these organisations are contributing towards the local economy.

4 FINANCIAL IMPLICATIONS

- 4.1 Since 1st April 2013, the Business Rates Retention Scheme has introduced a fundamentally new set of arrangements for dealing with the cost of rates. The cost to the Council of granting any relief is most reliably estimated at being 40% of the value of relief granted. Although the total cost is ultimately determined by a range of factors, such as the Council's total rate receipts measured against its estimated threshold for growth, taking into account any payment levies or safety net contributions payable or receivable.
- 4.2 Appendix 2 shows those charitable organisations that qualify for 80% mandatory relief and which have been granted additional "top up" discretionary relief. The organisations are grouped together under generic headings, and the period of grant.
- 4.3 Appendix 2 also sets out summary details of the non-charitable organisations that are currently in receipt of relief. The appendix includes the value and costs of relief and period of grant.

5 RISKS

5.1 If the suggested level of Discretionary Relief is awarded, the financial effect on the Council remains relatively low at £1,005.72 for the year 2018/19.

6 CONCLUSIONS

- 6.1 In conclusion, Cabinet are asked to approve the award of Discretionary Rate Relief to The Brain Tumour Charity to the value of 5%.
- 6.2 The Portfolio Holder for Corporate and Democratic Services is supportive of the application from The Brain Tumour Charity.
- 6.3 This case was reviewed on its own merit and the decision made is within the criteria of the Discretionary Relief Policy and is in line with other similar organisation.

BACKGROUND DOCUMENTS:

- 1. Local Government Finance Act 1988, Section 47.
- 2. Non-Domestic Rating (Discretionary Relief) Regulations 1989 (SI 989/1059).

We offer regular meet ups and Lab tours for supporters to see first-hand the important work they are funding. We hold a variety of national and regional events ranging from information days for healthcare staff, family days for people affected by a brain tumour and hospital based information stands.

What purpose does your organisation use the premises and facilities?

Head Office

How would an award of relief to your organisation benefit the local community?

The Brain Tumour Charity is a major employer in and contributor to the local economy in the Rushmoor area. 91 of its 106 employees are based at the Farnborough office with the 15 regional staff making regular visits, 19 of the head offices based staff (i.e. 21%) live in the borough.

By being based in Farnborough the charity brings a significant amount of spending into the area. The charity uses local suppliers where possible and entertains staff and visitors in local venues. Staff and visitors make purchases in local shops and visitors use local hotels.

The charity provides an opportunity for local residents to take up volunteering opportunities. This particularly benefits the unemployed, particularly where this is due to a change in circumstance as a result of a brain tumour, to make a valuable contribution and to develop skills and experience that will help improve their employability. The charity benefits from the contributions of 612 volunteers, 20 of whom volunteer at the Farnborough office and 9 of whom live in the borough. In a recent survey 88% of volunteers said that volunteering with the Charity has had a positive impact on their wellbeing.

The charity engages many local businesses as corporate partners providing the opportunity for them to fundraise and/or volunteer for a local based good cause. Through being a local charity, the Rushmoor community have a local cause to support and fundraise for and are more aware of brain tumours than residents in other areas. The Charity's strong local support resulted in it winning a vote to be Eagle Radio's Morning Mat's London Marathon.

People affected by brain tumours in the Rushmoor area are able to obtain face-to-face support by visiting the office. The Charity campaigns for equal access to the best treatment for brain tumours. At present Rushmoor residents receive a lower standard of treatment than e.g. Cambridge residents. The Charity is campaigning to change this.

More generally, Rushmoor residents benefit from the national impact of the charity. One example is the reduction in diagnosis times for children with brain tumours achieved through HeadSmart programme, which has halved diagnosis times and consequently saved lives. The charity is developing a similar campaign for adults. Rushmoor residents also benefits from the improvements in treatment that result from the research that the Charity funds.
