

<p><b><u>AMENDMENT SHEET FOR</u></b> <b><u>DEVELOPMENT MANAGEMENT COMMITTEE</u></b> <b><u>16 January 2019</u></b></p>
---

**Section C – Items for Determination**

**Item 5; Page 19**

Application No.            18/00818/FULPP

Proposal                    Demolition of existing bungalow and erection of a two storey extension to existing doctors surgery with provision of additional car and cycle parking

Address                    **68-70 Giffard Drive Farnborough**

Update to report:

A further objection has been received from 91 Giffard Drive providing further photographs of on street parking in the vicinity of the surgery.

A letter of representation has been received from 51 Giffard Drive in support of the application as follows:

- Current practice facilities are kept to a high standard as they do the best they can with what they have;
- Those facilities just can't keep up with the level of demand and if we want to maintain a local surgery fit for 21<sup>st</sup> century use then they must be allowed to expand;
- The plan is ideal and causes no negative local impact
