

ANNUAL REVIEW OF FEES AND CHARGES

SUMMARY AND RECOMMENDATIONS:

SUMMARY: This report sets out recommendations following a review of fees and charges and describes the methodology applied in each case, generating a minimum of £82,102 per annum as a result of RPIX uplift.

RECOMMENDATIONS:

- (i) To adopt the various methodologies attached in Appendix A as a basis for uplifting the Council's fees and charges
- (ii) To continue to apply RPIX as the measure of inflation to be applied where an annual inflationary uplift is specified; and
- (iii) To approve the fees and charges set out in Appendix A for implementation on the applicable dates.

1. INTRODUCTION

- 1.1 In November 2016, the Cabinet approved a new process for the annual review of the Council's fees and charges, introducing a Fees and Charges booklet, showing current and proposed fees and the methodology for reviewing each type of fee or charge. This report sets out the outcomes from the subsequent review carried out in 2019.
- 1.2 This is a key decision due to the effect of fee setting on the Council's budgets and the wider effect on residents across the Borough.

2. BACKGROUND

- 2.1 The review, reported to Cabinet in November 2016, recommended bringing an annual review of all charges, and the methodologies by which they are uplifted, together into a single document, where practical. This meant that individual charges would no longer be considered in isolation and the impact of charges in total (on both the budget and on the Council's residents) could be considered. In addition, the timing of the report meant that the appropriate charges could be built into the budget preparation.

- 2.2 The process also ensures that an annual review of all fees and charges takes place. While not all charges are necessarily increased every year, it is important to review them on a regular basis to ensure that they are set at an appropriate level. Fees and charges are estimated to contribute around £13.2m (or 23%) of the Council's gross income of £57.7m for 2019/20 – a not insignificant sum when compared to the £6.4m received from Council Tax payers, £1m from New Homes Bonus and £3.8m from Business Rates Retention. Indeed, the importance of The Council's own income streams will only grow in the future as some of these central funding streams decline.
- 2.3 The process is in line with the Council's Constitution, which provides, under its Financial Regulations, that "at least once a year the appropriate Heads of Service, in consultation with the Executive Head of Finance, will submit proposals to Cabinet regarding fees and charges for goods and services."
- 2.4 Expected outcomes from the project were:
- An annual process to review fees and charges
 - Linked to the Medium Term Financial Strategy and budget setting processes
 - Ensuring fees and charges are regularly reviewed and are set at an appropriate level and
 - Are transparent, easily found by our customers and have a clear methodology for uplift
- 2.5 The process worked well for 2019/20 enabling charges to be reflected in the budget preparations and providing a single document for strategic consideration of the level of fees and charges across the Council as well as a single point of reference for all the Councils' fees and charges for our customers. For the current review, Heads of Service considered their previously stated methodology for uplift, amending it where appropriate, and discussing potential variations with their portfolio holders.

3. DETAILS OF THE PROPOSAL

- 3.1 **General** - Work has been undertaken to compile a single booklet, which details all the Council's fees and charges, the current charge, proposed charge and methodology for calculating the charge. The booklet is attached as Appendix A.
- 3.2 The proposals take into account the Council's medium-term financial strategy, the cost of providing the services, the need to maintain reasonable charges, the rate of inflation and optimising use.
- 3.3 Some of these services do not fully recover costs, due to the concessions we offer to ensure that they are affordable and socially inclusive.
- 3.4 Appendix A does not currently include pricing at our Leisure Centres, which are set by the contract but do allow Members to suggest changes through consultation with our contractors. At times, the Council may suggest

reduced charges to fit with our strategic priorities to support disadvantaged groups or to encourage participation on health programmes. These and other charges may be included in future iterations of the booklet.

- 3.5 **Indexation** - In November 2016, Cabinet approved the use of RPIX as the appropriate index to use for inflationary increases. RPIX is the headline RPI index, minus changes in mortgage interest payments. Taking out mortgage repayments is an appropriate adjustment because the UK housing market plays an influential role in the wider macro-economy. Given that a significant number of householders are owner-occupiers, many of whom are repaying mortgages, changes in interest and mortgage rates can have a considerable impact on spending and the rest of the economy.
- 3.6 Any potential UK future rise in interest rates designed to reduce inflationary pressure, would push up the RPI, but not the RPIX. The effects of the Council's fees and charges policy intentions would therefore be more suited to the selection of RPIX as its inflation index. It is proposed to continue use of this index for the annual uplift of fees and charges, where an inflationary increase is deemed appropriate.
- 3.7 The RPIX inflation rate applied by the Council on its fees and charges for 1st April and each successive financial year will be calculated six months in advance. For 1st April 2020, the RPIX measure for 12 months in September 2019 is 2.4% (RPIX September 2019 "291.5" over September 2018 "284.7"). Increases to the majority of charges have been calculated at RPIX.
- 3.8 **Statutory charges** - Some charges are statutory or set by other bodies, over which Rushmoor has no control. These have been identified within the Fees and Charges document and have been included for information.
- 3.9 **Application of benchmarking** - In some chargeable areas, benchmarking has been used to inform whether fees and charges should be increased.
- 3.10 **Exceptions:** Several chargeable areas are currently undergoing detailed review, (Car parking charges) and therefore no uplift methodology or fee increase is proposed for these areas at present. Any proposals to vary charges in these areas will come forward to Licensing, Audit and General Purposes Committee or Cabinet as appropriate as the reviews conclude. The aim will be to incorporate these charges and the agreed review method within the overall Fees and Charges booklet in the future.
- 3.11 **Flexibility:** Some areas of pricing have been delegated in order to build in an ability to react quickly to market conditions and vary charges in response to local circumstances and competition. Both Princes Hall and Aldershot and Farnborough markets and car boot sales have been granted this flexibility, most recently with markets and car boot sales where charges can be varied in consultation with the appropriate portfolio-holder and the Executive Head of Financial Services. This is especially important as the Council moves towards a more commercial approach to its service provision, enabling services to become more 'fleet of foot' in adapting to changing demand and local conditions. Appendix A therefore includes the current recommended

charges, but these could be subject to change at short notice. The fees and charges booklet therefore needs to be a living document that is updated by services in response to any such amendments to pricing.

- 3.12 **Annual process** – Each year, the relevant sections of the fees and charges booklet is distributed to Heads of Service for updating, in consultation with their portfolio-holder. The service reviews its charging methodology in light of market forces, changes in supply and demand, ethos for concessions, and if applicable, the need to reduce subsidies.
- 3.13 Where an inflationary uplift has been agreed as the methodology for review, the relevant inflationary index (RPIX) will be applied and any necessary rounding adjustments made to provide the final charges for the new year. Where other circumstances have changed during the year that may mean that the current methodology is no longer applicable, a new methodology will need to be proposed and approved by Cabinet. For example, an inflationary uplift may no longer be applicable if benchmarking data shows the Council's charges to be significantly out of kilter with local market competition.
- 3.14 **Garden waste** – As of April 2020, the Council's collection costs will have increased by approximately 8.6% since the start of the contract (2017), but the Council has not increased the subscription price since April 2015. The proposed increase to £42 goes some way to cover this increase in costs. The Council has carried out a benchmarking exercise to compare the charges and subscription numbers of six surrounding LAs. This has suggested there is no correlation between subscription price and take up of service and with the price increase. The Council will continue to be the second cheapest authority in the area for this service. The Council will review the charge again next year in line with the annual fees and charges review.
- 3.15 **On Street Residential Parking Permits** – Increase in line with Hampshire County Council operational policy for residential parking schemes.
- 3.16 **Pest Control** – The provision of pest control by the Council has changed. The council no longer provides a free service for rats, mice, Cockroaches and bed-bugs for domestic premises. A supplier has been appointed who offers discounted rates.
- 3.17 **Taxi charges** – Disclosure and Barring Service (DBS) checks have reduced by £4 as a result of a reduction in rates charged by DBS.
- 3.18 **Allotments** - The charge for a 2.5 rod plot including Cherrywood Road site will be frozen for 2 years, 2020/21 and 2021/22. From 2021/22 all other allotment plots will be increased by RPIX.
- 3.19 **Introduction of new charges** - In areas where charges are being introduced for the first time (enforcement notice fee), it may be appropriate for a detailed paper to be taken to Cabinet for consideration rather than included in the annual fees and charges report. In this way, Cabinet are able

to consider the detailed proposal and the reason for introducing charges, maintaining the detailed consideration and portfolio-holder engagement that is essential for the introduction of new charges. Within the individual report, however, a method for future review (e.g. RPIX or cost recovery) should be proposed. The charges and methodology can then be incorporated into the annual review and the fees and charges booklet moving forward.

4. FINANCIAL AND RESOURCE IMPLICATIONS

- 4.1 The net additional income to the Council from the proposed charges within this report is estimated to be a minimum of £81,102 per annum as a result of RPIX. This estimate does not include increases at the Princes Hall or where total income will fluctuate according to volume of demand for each individual service or charge.
- 4.2 In addition, collation of the fees and charges in one booklet alongside a single report should save on staff time and administration as the process beds in. The booklet will be available on the Council's website so that all fees and charges are transparently available, which improves the service to our residents and customers and avoid 'waste' by potentially reducing the number of customer enquiries about fees and charges. It will also help in responding to FOI queries as requestors can be referred to a single source.

5. CONCLUSIONS

- 5.1 The review of Fees and Charges is an annual process, which links to the Medium Term Financial Strategy and contributes to the budget process. The process has a number of advantages as set out in the report including transparency, reduced administration and a robust methodology for reviewing fees.
- 5.2 Fees and charges form a significant part of the Council's income enabling it to provide services to the public. The level of fees and charges can have a significant effect on residents and local businesses and therefore should be given due consideration on a regular basis.
- 5.3 The outcome of the annual review is presented to Cabinet in Appendix A for consideration.

Allotments

Plots	Charge for 2020/21	Charge for 2019/20	Methodology in reviewing the charge	VAT indicator
Plots of approx. 10 rods	£71 (20%)	£59	* Please see comment below	O/S
Plots of approx. 5 rods (also 10 rods without a water supply)	£50 (19%)	£42	* Please see comment below	O/S
Plots of approx. 2.5 rods	£36 (0%)	£36	* Please see comment below	O/S

*Following a review by the Leisure & Youth Panel in 15/16, an increase of 20% pa was agreed for the next few years to help reduce the current subsidy. The charge for a 2.5 rod plot including Cherrywood Road site will be frozen for 2 years, 20/21 and 21/22.

From 21/22 all other allotment plots will be increased by RPIX.

A year's notice must be given and the revised charges will come into effect in October each year.
